2:About Us.

a). Background Information.

The Company was incorporated 2019 , under the directorship of Edius Tapera Mashamba and Patience Mashamba .

Using his vast experience as a Certified Engineer in the Cranes Industry for more than 15 years, the Company has already secured its market share in the Cranes Industry.Its tentacles are already spreading nationally.The duo is determined to take the Company to greater heights, thus justifying it's existence as a legal corporate entity.

b).Vision.

"To deliver professionally done job at the highest quality and good workmanship within shortest possible time"

c). Mission Statement.

"TNC Cranes and Lifting (Pty):Ltd strives to become the leading manufacturer and supplier of customised and standard lifting equipment within the frontiers of the Republic of South Africa"

d).Founding Principles.

Our entrance into the Cranes Services Industry arena has been necessitated by the following among others.

- 1.High demand of Cranes usage across the industries(mining, manufacturing and construction).
- 2.Cranes Maintenance and services needs.
- 3.Cranes upgrading, modernization requirements.

4. Strict Cranes compliance requirements under General Machinery Regulations.

5. Safety issues associated with Usage of Cranes.

e) Crane Servicing Compliance Resolution.

TNC Cranes and Lifting (Pty) Ltd, as a licenced entity (LME:511), strictly adheres to the "Driven Machinery Regulations 18(5) of the Occupational Health and Safety Act 85 of 1993".

There are no shortcuts or bypassing when it comes to the issue of servicing cranes.

f) CLIENT CHARTER.

"No client is big or small, all are equal before US".

"No special preference is given to the size of the job, i.e. big or small. All jobs are important to us".

The above forms the basis of our **CLIENT CHARTER**.

1. Client is the **PRIORITY**. We exist because of the client.
2. Crane service deadlines are met timeously.
3. Client engagement from the word go.
4. Call responsiveness within a second ring; a call is picked up.
5. Provision of quality crane services.
6. Crane service complaints are resolved immediately.
7. Adherence to General Machinery Regulations 18(5) statutory compliance.

3.OUR SERVICES

a): Inspection and Load Testing.

(Level 2 NDT(MPI) testing and Certification)

Prevention is better than Cure.

It cannot be denied that Cranes are used daily, if not mistaken hourly.

It's a Statutory Requirement that they need to be inspected, for unforeseen problems, eg mechanical failures and electrical failures during the lifting process.

TNC Cranes and Lifting (Pty) Ltd is a Certified Crane Inspector.

Our mandate is to prevent problems before they happen.

On Inspection and Load Testing we focus on the following.

i). Annual load testing as per the Regulation 18:5.

The following are covered in this bracket

- a)Overhead Cranes.
- b) Forklifts trucks and Container handlers
- c) Lifting tackle
- d)Truck mounted cranes
- e)Tower Cranes
- f).Portal Cranes.

- g). Gantries and beams
- h).Chain blocks and lever hoist
- i). Vehicle hoist.

ii). Monthly Inspections and Servicing.

Crane Owners to adhere to Regulation 18:6

TNC Cranes and Lifting (Pty) Ltd ensures that there is total compliance to this by Including it in its Schedule.

The following do not escape also from the exercise thus:

- a).Overhead Cranes and hoists
- b).Manual Chain hoists and lever hoists
- c) Portal Cranes
- d) Lifting tackle (Slings , shackles,eye bolts, clamps, etc)

iii). Quarterly Inspections of Lifting tackle.

Here Regulation 18:10 is strictly observed.

The exercise focuses on the following aspects.

- a). Webbing, chain and wire rope slings
- b).Spreader beams and lifting frames
- c)Plate grabs and beam Clamps
- d).Eye bolts, hooks, shackles and pins

Images may be subject to Copyright Act

b). Modernization/Upgrading.

We realise the aging process of Cranes. Crane efficiency decreases with age.

We do not throw them away, **WE ARE THE REAL SOLUTION.**

After 10--15 years of good service, cranes need to be refurbished. This process leaves no stone unturned.

Us at TNC Cranes and Lifting (Pty) Ltd, we do not pronounce Refurbishment, actually it's **RE-BIRTH OF THE CRANE.**

The following receive closer attention.

i).Electrical Upgrades.

- 1:New panels and switchgear.
- 2: Variable Speed Drives for energy efficiency (up to 60% energy savings)
- 3:New remote systems for operator safety

- 5:Safety devices like limit switches, load limiters and anti- collision devices.

b). Mechanical Upgrades.

- 1:Inspection and replacement of wheel assemblies and bearings
- 2: Brake Inspection and replacement
- 3:Gearbox and gear examination
- 4: Replacement of connecting bolts

c). Structural Upgrades

- 1:Inspection for fatigue, cracks and damage
- 2:Re- painting and assembly with new electrical equipment
- 3:New decals and load signs

d).Geared Drive Upgrades

- 1: Replacement of older centre drive geared motors with independent geared driven motors.
- 2: Reduced drive line wear and extended service life.

e). Lifting Capacity Increase.

- 1: Replacement of hoisting units and strengthening of girders (where possible and safe to do so)

c). SERVICING and REPAIRS
